Greetings Jack,

Thank you for the opportunity to comment regarding Nevada's proposed regulations adopting the new NAIC Medicare Supplement Model Regulation (MACRA). We would like to submit a few comments for your consideration.

1. Section 14-7 on pages 30, 31, 33 and 34, the first paragraph noted with an "\*" is missing words that appear in the current version of the regulation, but were omitted in the revisions. The words underlined in the paragraph below were missing from the proposed language.

*Once you have been billed a portion of Medicare-approved amounts for covered services equal to the Part B deductible, (which are noted with an asterisk), your Part B deductible will have been met for the calendar year.*

2. Section 14-7 on page 30, in the Plan F or High Deductible Plan F outline for the Skilled Nursing Facility Care benefits, Medicare Pays column, 21<sup>st</sup> thru 100<sup>th</sup> day, should read "*All but*" instead of "*Up to*".

3. Section 14-7 on pages 29 through 35, within the paragraph noted with an "\*\*\*\*\*", we would like to recommend removing or revising the sentence, "*The cover page of the outline of coverage which must be provided to an applicant by an insurer pursuant to this section must specify the current amount of the deductible*", since the cover pages throughout the section do not specify the current amount of the deductible.

Again, we appreciate the opportunity to review and comment on the proposed regulations, and hope our suggestions have been helpful. If you have any questions about our comments or would like to discuss anything concerning the comments or the proposed regulations, you are welcome to contact me by phone or email.

Nancy
